DEPARTMENT OF BANKING AND INSURANCE MANAGEMENT

The need to start this intensive, futuristic and career-oriented program in Banking and Insurance is due to the developments in Banking and Insurance industry that calls for competent and professionally trained personnel. This course prepares students completely in the areas of Banking and Insurance, thus making it easier to acquire managerial role in both the sectors.

The Banking and Insurance sector reforms have encouraged private sector players to make forays into the business in collaboration with major International Companies. This new scenario will witness financially sound and experienced players transforming the industry with best practices in product development, operational efficiency, marketing capability, service focus and tech- savvy orientation. Thus, there is a need for intensive, futuristic and career-oriented program in two areas of Banking and Insurance.
