

ETHIRAJ COLLEGE FOR WOMEN (Autonomous)

Chennai – 600 008

Affiliated to the University of Madras

College with Potential for Excellence

Reaccredited with A Grade by NAAC

Awareness of Trends in Technology

Technological trends awareness is a skill that has recently become popular and is insisted upon in the industry. It also encompasses one's ability to recognize and understand the usefulness of any technology for professional success. In order to nurture 'excellence' in students, the Capacity Building Support systems of our college regularly organizes various events, activities, workshops, seminars and skill development programmes. Leading organizations and experts are invited to collaborate and share the best practices and trends in the industry. ICT skills, understanding and applying a range of computer programmes, software and other applications are also given importance.

Introduction to Technical writing in LaTeX-Session 1

Dr.S.Kavitha

Assistant Professor
Department of Mathematics,
SDNB Vaishnav College for Women, Chennai

A webinar on "Introduction to Technical writing in LATEX"
Ethiraj College for women Chennai
June 15-16,2020

I INTRODUCTION CONTINUED

CONTINUED...

In general,

$$y[n] = a_1 y[n-1] + a_2 y[n-2] + \dots + b_1 x[n-1] + b_2 x[n-2] + \dots,$$

OR

$$y[n] = \sum_{k=1}^N a_k y[n-k] + \sum_{k=1}^M b_k x[n-k]. \quad (5)$$

(5) is effectively used in the **Communication Engineering**. Using (5) we proposed the signal processing techniques for packet transfer in a secured and authentic mode of using various filters, like IIR, FIR, KF, EKF, Unscented and Weiner. We are primarily concerned with the existence of the optimal solutions, boundedness nature of solutions, stability, periodic characters of the difference equations, and the convergence to periodic solutions of the EKF ([20]).
