CAPABILITY DEVELOPMENT AND SKILLS ENHANCEMENT ACTIVITIES

Introduction:

The capability enhancement program provides students with the opportunity to stay abreast of the current trends and advancements in their chosen fields of specialization, and upgrade their knowledge from rudimentary to an advanced one.

Purpose:

To enhance the essential skills of the students

Objective:

a. The objective is to identify the students' strengths and assist them in communicating effectively in a manner that will bring out their inherent potential.

b. To offer opportunities to students from various educational background and make them competent in acquiring language skills.

c. To enhance the performance of the students in soft skills, as a part of professional development such as proper communication, emotional intelligence, to be a team player, to be an adaptable person, to be a good listener and a person with good work ethics

d. To provide information on employability in their respective speciality. To develop new means of reaching out to the student community for enhanced level of career adaptability.

e. To provide them with adequate knowledge in emerging and niche areas and motivate them to innovative new ideas.
